Work History

2019-02 - Current

Director of Finance

Westgate Church, San Jose, CA

- Managed finance team to ensure accuracy and timeliness in day-to-day operations and communication in church of over 3000 members.
- Analyzed budget plans and costs to forecast trends and recommend changes across 60 different departments.
- Produced key dashboards and reports outlining financial data to assist executive leadership with making strategic plans and operational decisions.
- Implemented process improvements of key financial processes, significantly cutting time spent on month end close, annual budget creation, and audit preparation while increasing accuracy.

2017-08 - 2018-12

Youth Pastor

New Life Vision Church, Los Angeles, CA

- Managed and trained team of 20 volunteers to mentor and empathetically counsel 100+ students, while fostering team morale and well-being.
- Brainstormed, wrote, and publicly delivered 30 minute sermon to 100+ students on weekly basis.
- Strategized and executed end-to-end logistics for biannual youth conferences.

2017-04 - 2018-09

Enrollment Management Research Associate

Biola University, La Mirada, CA

- Developed data visualization dashboards that provided key enrollment data to university top leadership, which influenced admissions marketing and budgeting decisions and led to adoption of Tableau across organization.
- Distilled large amounts of data and produced reports and documents outlining key details, which was instrumental in qualifying Biola for NCAA Division II.
- Developed complex Excel macros and Google Sheets scripts and was recognized as subject matter expert on spreadsheets.

2015-11 - 2017-07

Youth Pastor

Vision Community Church, Anaheim, CA

- Provided spiritual and administrative leadership to church, including managing volunteer operations, developing and administering annual budget, and leading worship services.
- Taught, mentored, and counseled over 50 youth and college students to promote positive self-esteem and be influential members of their communities.

2013-10 - 2015-08

Business Analyst

Anritsu Corporation, Morgan Hill, CA

- Delivered essential business insights for executives by developing Excel dashboards with complex macros, which led to cost savings over \$300,000 and increased production efficiencies.
- Recognized as subject matter expert for spreadsheets across organization.
- Conducted interviews with key business users to collect information on business processes and user requirements.

2010-08 - 2012-11

Business Transformation Consultant

IBM, San Francisco, CA

- Managed collaboration between developers, business users, and project executives of Fortune 500 semiconductor company to develop and test functionalities of custom finance reporting system.
- Forecasted and regularly presented project progress to clients.
- Designed SQL queries to collect and analyze large data sets and test system functionality.
- Created detailed documentation on business processes and reporting system functional specifications.
